

A photograph of a woman with long, dark, wavy hair looking down at a goldfish in a glass bowl. She is resting her chin on her hand. The background is softly blurred, showing what appears to be a window or a bright indoor setting.

Cos you are always on my mind

I never thought I would ever be so restless,
I think of the twinkle in your eyes and your acts so kind;
Life gains a new meaning each second,
Cos you are always on my mind.

There is music in the air and a song in my heart,
Which says my love for you shall never depart;
The reels of your memories spontaneously rewind,
Cos you are always on my mind.

They say life never gives a second chance,
But I believe life isn't so unkind;
I hope for a second chance to reveal my feelings to you,
Cos you are always on my mind.
